

The RMUoHP Capstone Advisor and one additional RMUoHP faculty member will evaluate each Project.

S= Satisfactory; SR= Satisfactory with recommendations; U= Unsatisfactory

Title: _____

Student: _____

| | |
|--|--|
| <p>Capstone Title/Overview Concise and accurate/Provides direction for project.</p> | |
| <p>Foreground of the Problem Statement of purpose/appropriate for EBP project. Problem statement/change clearly identified. PICO articulated and leads to question. Project significance/rationale. Theoretical foundation explicated. Literature selection/systematic process supports problem. Scope of evidence is summarized and appropriate. Definition of Terms (theoretical/operational). Research questions and delimitations articulated.</p> | |
| <p>Review of Evidence Background of the Problem (Leveling/Grading summarized). Systematic Review and Integrative Summary demarcated.</p> | |
| <p>Project Evaluation Market/Risk Analyses. Project strengths, weaknesses, opportunities, threats. Need, resources, and sustainability clearly presented. Driving/Restraining forces and Stakeholders. Feasibility/Risks/Unintended consequences. Mission/Vision appropriate. Short and long term objectives outlined. Objectives stated in measurable and time-sensitive terms. Outcome measures linked to objectives with benchmarks. Appropriate for objectives and research design. Population/sampling parameters. Setting is appropriate for EBP project. EBP design methodology and measurement provided. Protection of Human Rights procedure complete. Variable measurement & instrumentation reliability/validity. Data Collection and Treatment procedure/protocol</p> | |
| <p>Project Findings and Results Organized by Objectives Key elements/Instrumentation findings detailed Statistical data clear/Reliability of findings addressed Results discussed according to Research Question</p> | |
| <p>Limitations, Recommendations, Implications for Change Limitations addressed Recommendations made in terms of contribution to nursing: theory, research, APN education, APN EBP, & health policy Implications for change and unintended consequences Personal leadership change and contribution to practice</p> | |
| <p>Appendices/Acknowledgements Timeframe reasonable and complete. Budget and Resources congruent with objectives.</p> | |
| <p>References and APA Format/Copyrights Protected</p> | |

Evaluation: Approved as Presented Approved with Recommendations Not Approved
